

ADH FULL CABIN CAR SIMULATOR AT SCIENCE MUSEUM PUNE

Nehru Science Museum
inaugurated at Pimpri, Pune with
central attraction as

'Virtual Driving Simulator'

Developed by ADH Labs for
Mahindra & Mahindra

Maharashtra Chief Minister Sh.Prithviraj Chavan inaugurated the Pimpri-Chinchwad Science Centre (PCSC) on Feb 8, 2013. The four galleries at the PCSC depict various branches of science including a gallery dedicated to automobiles.

In association with Mahindra & Mahindra, ADH Labs has developed a '**Virtual Driving Simulator**' to showcase advancement in Driving Simulators and their application in training & testing drivers for a '**Safer Tomorrow**'.

iTech Car Driving Simulator

i-Tech Drive series of car driving simulators are revolutionary products creating better drivers by efficiently developing their complex cognitive & perceptual skills in a risk free environment and thus improving their judgment and decision making process.
